

# PURE-HEPA

## PORTABLE AIR PURIFICATION

Antiviral and  
Antimicrobial  
High Performance  
Protection

## High Power Portability In a Rugged, No-Nonsense Design

Whether you are initiating an emergency response call in your building or you are in need of extra muscle for air purification **PURE-HEPA** gets the job done!

They are full feature HEPA air purification and pressure control units designed for high power portability in a rugged no-nonsense package.

### True HEPA Filtration

The **PURE-HEPA 700** and **2000** are dependable and durable units with true HEPA filters that remove airborne particles down to .3 micron in size with 99.97% efficiency. The units also use replaceable primary and secondary filters to improve the life of the HEPA filter. These filters are standard sizes and easily replaced.

### Rugged Design

Four heavy-duty casters coupled with four spring-loaded handles make transfer an easy job. The airtight case is made from corrosion resistant heavy gage aluminum, the seals are Iron Grip neoprene material, and the door quickly opens with a link lock latch.

### Engineered Performance

A unique custom designed motor and dynamically balanced blower mounts in a tripod fashion using rubberized bushings designed to dampen vibration and minimize noise. Carefully engineered tolerances avoid motor shift, rubbing or drag.

The **PURE-HEPA** units are delivered with filters and ready for use plus have a 1-year factory warranty.

### FEATURES:

- Heavy duty aluminum cabinet is lightweight, durable, rust resistant
- PURE-Coat antiviral and antimicrobial high performance protection is standard with all units.
- PURE-Plasma bipolar ionization optional
- Modular control panel, control panel unplugs for easy removal
- Sealed control box eliminates leakage around gauges
- Locks on HEPA filter assures a positive seal
- Four heavy duty swivel casters, two w/locks provides easy mobility
- Rugged carrying handles provide easy portability

### SPECIFICATIONS:

Dimensions:	33" x 18" x 18"
Weight:	75 lbs.
Air Flow:	Approx. 600 [high speed] Approx. 400 [low speed]
Motor:	1/4 HP, 2 speed
Power Supply:	120V, 60 HZ, 2.8 amps
Filters:	Primary: 12" x 12" - 1/2 Secondary: 12" x 12" - 1 [ring panel] HEPA Filter: 12v x 12 x 11 1/2" [99.97%]

### SPECIFICATIONS:

Dimensions:	37 1/8" x 26 1/2" x 32 1/2"
Weight:	140 lbs.
Air Flow:	1975 [high speed] 1000 [low speed]
Motor:	1 1/4 HP, 2 speed - high efficient
Power Supply:	115V, 60 HZ, 15 amps
Filters:	Primary: 24" x 24" - 2 ply pad Secondary: 24" x 24" - 3 ply ring panel HEPA Filter: 24v x 24 x 11 1/2" [99.97%]
